

LOCAL STORE IS ROBBED

Thieves Broke Into Chenault & Orear's Hardware Store Sunday Night—Made Good Haul.

The store of Chenault & Orear was broken into sometime Sunday night and robbed of goods amounting in value to something over two hundred dollars. The articles stolen were knives of the best grade, and a number of watches. The thieves gained entrance into the building by climbing onto a nearby roof and into a window on the second floor of the Chenault & Orear place. A wooden door on the stairway leading into the store was smashed with an axe.

The robbery was discovered by one of the salesmen when the store was opened for business Monday morning. The proprietors notified Chief Tipton, who immediately wired for Captain Mulligan, who came over on the noon train with his blood hounds from Lexington. The dogs were put on the scent and trailed the thieves out at the rear of the store and on to a point on the railroad, near the Camargo pike, where the trail was lost. They were tried again with the same result, and for this reason the authorities are convinced that the thieves boarded a passing freight train, or had an automobile in waiting at this place. A reward has been offered for information leading to their arrest.

There have been a number of robberies in this immediate vicinity within the past few weeks and it is likely that an organized gang is at work here. Police are on the lookout day and night and arrests are likely to follow.

WIFE RUNS AWAY

Chief of Police, J. C. Tipton has been notified to be on the lookout for Mrs. Gladys Halfhill, the seventeen year old wife of Grover Halfhill, of Maysville. The young woman left the Ewing Fair in company with Sherman Gilbert and is supposed to have come to this city. She is described as being 5 feet, 3 inches in height, brown hair and eyes and is said to be quite pretty. Her husband asks that she be arrested and held until he can come for her. As yet, no trace of the missing couple has been found.

ATTENDING MEETING

John S. Frazer left Sunday for New York where he will attend a conference of all Equitable Life Insurance agents in the United States, in their home offices. Mr. Frazer expects to be in New York a week or ten days.

John Parsons is constructing a seven-room bungalow on his lot on West Locust street.

ARMY TRUCK PLAN HALTED

A special from Washington says: "Delivery of surplus army trucks by the War Department to the Department of Agriculture for distribution among the states for road construction work has been held up by a decision of the Judge Advocate General that gift of the machines is not authorized by existing laws." This decision means that the counties will probably have to wait quite a while before receiving the trucks which have already been allotted. Montgomery county has only received one of the trucks which were to become the property of this county and the arrival of the others will probably be delayed for some time.

It seems a shame that the counties should be so delayed as many of them, like Montgomery, were badly in need of trucks, and it was hoped to have our allotment all here and in use this fall.

COUNTY HIGH SCHOOL TO OPEN SEPTEMBER 8

The Montgomery County High School will open for the fall term September 8th. The instructors this year will be as follows: Prof. M. J. Goodwin, principal; Miss Ila See, Miss Bernice McClure, and Prof. J. W. Lindsay. Miss McClure will have charge of the Domestic Science Department which she has conducted with such marked success in the past. Agriculture will be taught under the Smith-Hughes Act by Prof. Lindsay, late of the University of Kentucky. Montgomery county has every reason to be proud of our County High School and the wonderful advantages, it is offering our country boys and girls.

TWO STEERS STOLEN

Two black steers, weighing around 1050 pounds each have disappeared from the farm of Thomas P. Sutton, one and a half mile from this city on the Maysville pike. Authorities have been notified and a search for the missing cattle is being made in this and surrounding counties. This makes twice in the last year that Mr. Sutton has had live stock stolen from his place, and a number of other farmers in the county were victims of this kind of thievery some months past.

TO ATTEND REUNION

Judge and Mrs. G. B. Swango have gone to Olympian Springs for a week's stay. They will be present at the reunion of "Morgan's Men," which will be held there Thursday. Judge Swango was a member of General Morgan's command, and will greatly enjoy meeting with his old friends and comrades.

REUNION AT OIL SPRINGS

The Bratton family and their wide circle of kinsfolk and connections will have a family reunion and picnic tomorrow at Oil Springs. The family is one of the most prominent in the Blue Grass and the reunion will be largely attended.

Important Notice

During the past few weeks we have mailed out subscription notices to many of our readers, and much to our disappointment many of them have failed to respond. This is to notify all of those who received notices that unless they remit within the next 10 days they will be dropped from our lists. We dislike very much to do this but the high cost of running a newspaper makes it imperative that we keep our lists paid in advance, so if you fail to get your paper after this week you will know the reason why. It is not that we doubt your credit but the soaring prices that prevail leave us no alternative.

MT. STERLING ADVOCATE.

CITY REAL ESTATE ACTIVE

A. B. Ratliff has bought of Dr. W. R. Thompson, his beautiful residence on West High street for a reported price of \$8,500, possession October 1st. This is one of the most desirable homes in Mt. Sterling and is considered well worth the money.

Mrs. Lucy Turner sold her home on Clay street, known as the Bybee place, at public auction Saturday to Mr. Rufus Hadden for \$3,950. This is a very desirably located little cottage and can be made a nice home.

W. A. Mason has bought of the McCormick Lumber Co., an attractive bungalow on Holt avenue, now occupied by Jackson D. Stoffer and family, for \$2,750. This is very desirable property and is considered cheap at the price. He will get possession as soon as Mr. Stoffer completes his home which he is building on his farm on the Camargo pike, which will probably be in October.

Mr. and Mrs. W. S. Smathers have bought of Dr. H. W. VanAntwerp their home on West Main street, for \$5,250. This place is now occupied by Mr. and Mrs. W. A. Mason, and is an ideal home. Mr. and Mrs. Smathers will get possession some time this fall.

MISS ROBINSON WEDS

The marriage of Miss Emily Robinson, popular young society girl of this city, to Mr. Harry Reagan, of Danville, Va., was solemnized Wednesday afternoon at the bride's home on High street, the Rev. J. W. Porter, of Lexington, officiating. The bride is one of Mt. Sterling's most beloved girls, possessing a charm of manner that has made her a great favorite with young and old alike. She is a daughter of Mrs. Jennie Robinson, and is an exceedingly attractive young girl. Mr. Reagan is well known here, having been located in this city last season as manager of the R. L. Swain Tobacco Company. He is a fine business man and in every way worthy of the bride he has won. After the ceremony the young couple left by motor for Lexington where they were entertained at dinner at the Phoenix Hotel by Mr. and Mrs. Caldwell Clay, leaving later in the evening for Enfield, N. C., where they will be until December when they will return to this city to reside during the tobacco season.

CHANDLER FIZER TO MARRY

Announcement of the engagement and approaching marriage of Miss Eleanor Agnes Gordon, of Buffalo, N. Y., to Chandler Fizer, of this city, has been made. The wedding will occur in Buffalo in September. Mr. Fizer, who has been in the army over two years, has been stationed for some time at Fort Porter. He has many friends and relatives here who will learn with interest of his approaching marriage. Young Fizer is a son of Mr. and Mrs. Jas. C. Fizer, and is one of the most popular young men of this city.

WENDLING CAPTURED

Joseph Wendling, of Louisville, slayer of Alma Kellner, who escaped from the penitentiary at Frankfort Friday, was captured on the streets of Frankfort Sunday. He was armed with a knife and a revolver and was making an attempt to draw his revolver when the arresting officer knocked him down. The crime of which Wendling stands convicted is one of the vilest in the history of Louisville.

CIRCUS COMING

John Robinson's circus is said to be the best all around entertainment of its kind on the road. It shows here the 28th, afternoon and evening.

STAR PLANING MILL CHANGES NAME AND OWNERSHIP

There are items of interest connected with all long life enterprises and as touching the old company we have a few references of interest. The Star Planing Mill Co., took form and name 44 years ago, the approaching 5th of November succeeding Campbell and Piersall. The charter members of this firm were W. T. Tyler, E. F. Robertson and the late D. B. Jones. Among the number who have labored with this firm are Charles Fizer, deceased for a period of 20 years, J. A. Bassett deceased 20 years; John Elkin, deceased 15 years Tom Tipton, colored deceased 42 years and those now living are James Stewart, colored for 30 years, James F. Fizer for 25 years. There are many others who have engaged with this firm whose names we fail to recall. This company has furnished the wood work for hundreds of houses here, some of which we mention: The Montgomery County Court House, Public School building and the Mt. Sterling Baptist Church building. This company has always enjoyed the reputation for high class work and the furnishing of the very best lumber and all builders supplies. The retiring managers have enjoyed the confidence of all business men who will hear nothing but expressions of appreciation for just dealing and wishes for continued happiness and future prosperity. With the 13th day of August the Star Planing Mill Co., becomes a page in history and is succeeded by the Mt. Sterling Planing Mill Co., which is capitalized at \$40,000 with Mr. Guy Sandebur, of Winchester as business manager, A. C. Bishop, of Louisville and A. J. Wyatt, of Louisville directors. Mr. E. F. Robertson will continue in the business with same mechanical department as with the former company. Mr. Bishop is associated with the Kraus Bros. Lumber Co., New Orleans, La., and these relations will continue. Mr. Wyatt is connected with the Standard Lumber Co., of Birmingham, Ala., and this relation will not be broken. Associated as these two members of the Mt. Sterling Planing Mill Co., are the largest buyers and distributors of lumber and places them in position to secure the most for their money and to offer their product at very close prices. It will also open up opportunities to contract for some of the largest jobs to be offered. Mr. Sandebur has been engaged in the planing mill business for 20 years and hence in a tried man with a successful record. The same labor force that was connected with the Star Planing Mill Co., will continue with the new. We see no reason why the new company shall not enjoy a most prosperous business. We certainly wish them a most successful career. Mr. W. T. Tyler, the retiring member of the planing mill business is undecided as to the business he may engage in. We feel sure he will take hold of something and will make it go on to great success as he did in the planing mill business.

NOTICE

The Democrats of Montgomery County are requested to assemble at the Court House in Mount Sterling, Ky., at the hour of 2 o'clock p. m. on Saturday August 30th, 1919 for the purpose of selecting delegates to attend the State Convention to be held in Louisville, Thursday September 4th, 1919. L. R. Douglas, Chairman Democratic County Committee. The Advocate for printing.

ALL DAY PRAYER SERVICE

Friday, Aug. 29th will be observed by the local Methodist congregation, in connection with the entire Methodist church, as a day of fasting and prayer. The church will be open all day and every Methodist is expected to attend some time during the day. Sunrise prayer meeting will be held at the home of Mrs. E. Y. Nelson, beginning at 6 o'clock. Services at the church will begin at 9 o'clock and continue throughout the day, with a different leader every half hour. Below is a list of the leaders and the hours they will lead: 9:00—J. Y. Rogers; 9:30—Mrs. David Howell; 10:00—Dr. J. T. Ricketts; 10:30—Mrs. Pete Cockrell; 11:00—Mrs. Chas. Oldham; 11:30—Mrs. Thos. Heinrich; 12:00 to 1:00—Silent Prayer; 1:00—Miss Sallie McDonald; 1:30—Miss Elizabeth Duerson; 2:00—Mrs. Ben Turner; 2:30—J. G. Winn; 3:00—To be supplied; 3:30 to 4:00—Mrs. Clay Cooper.

STRIKE A GUSHER

The J. T. Hare Oil Company, drilling on its holdings in Texas, have, according to a telegram to W. P. Oldham from S. S. Pinney, struck a gusher. Oil was struck at four feet in the sand and is said to be making better than 1,000 barrels per day, and is a larger well than the celebrated Gray Gander was when it first came in. The sand in this locality is 46 feet deep. This company has only sold \$50,000 worth of stock and 40 per cent of it was subscribed in this county. With the small amount of capital stock outstanding, parties that invested in this company should receive handsome returns. The original lease consisted of only two and one-half acres, and an acre and a half has been sold for the princely sum of \$45,000—the big well having been struck on the remaining acre.

NEGRO GIRL ATTEMPTS SUICIDE

Anna Lee Grubbs, an eighteen-year-old colored girl attempted suicide by taking carbolic acid yesterday at her home on the Owingsville pike near the railroad. She gave as the reason for her rash act that the man to whom she was engaged to be married had died a few days ago in Frankfort. She had attended his funeral and returned to her home here when she attempted to end her life. Medical aid was called in and after a few hours the girl was pronounced out of danger.

WILL LOCATE IN SHARPSBURG

Dr. D. L. Smathers and family left today for Sharpsburg, where they will make their future home. Dr. Smathers recently severed his connection with the firm of Robinson and Smathers of this city. He will practice his profession of veterinarian.

TOBACCO CUTTING NOW ON

Some few early crops of tobacco are being cut and housed and are curing with a beautiful color. The tobacco ripening now is of a high grade.

Rod Parsons is preparing to build a residence on West Locust street.

FIELDS TO SPEAK HERE FRIDAY

In Interest of Great State-Wide Educational Campaign.—Large Crowd Expected.

The State-wide educational campaign to eradicate illiteracy, increase school attendance and raise teachers' salaries began Monday with educational rallies in nearly every county in Kentucky. Meetings will be held in every school district, where speakers will awaken an interest in the three aims of the campaign and urge the community to get behind every movement for the advancement of education.

Our popular Congressman, Hon. W. J. Fields, will speak in Mt. Sterling Friday afternoon, August 29th, at 2:30 o'clock in the Courthouse. There are 1,393 illiterates in Montgomery county and we feel it the duty of every citizen to lend a helping hand to assist in wiping illiteracy from our county. The other objects of the campaign are most commendable and it is hoped a large crowd will be present to hear Congress Fields Friday afternoon, and assist in every way possible in this great campaign.

GOVERNMENT FOOD POPULAR

The sale of surplus food supplies offered by the U. S. Government to help solve the problem of the H. C. of L., has met with remarkable success in this city, the local Post-office having taken over \$600 worth of orders. The articles most in demand are canned stuff, especially cherries, peas, corn and beans. Bacon is selling slowly, only two cases having been ordered, but this is likely on account of the fact that it has to be taken in large lots. A supplementary list is expected in a few days, and it will include a number of highly desirable articles. The sale will last throughout the coming month, or until the supply is exhausted. The local office has received as yet no instructions regarding army blankets, which are being sold in other places.

BELOVED WOMAN DIES

Mrs. Margaret Kelly, wife of John Kelly, of near Camargo, died Sunday after a lingering illness of tuberculosis. Mrs. Kelly was formerly of Stanton, and had been a resident of this county for many years. At the time of her death she was in her sixty-ninth year. Besides her devoted husband, John Kelly, she leaves two children to mourn her loss, Van Kelly, of Camargo, and Mrs. James Greer, wife of County Jailor Greer, of this city. Funeral services were held Monday afternoon at her late home by the Rev. E. E. Dawson, of the Camargo Christian church, of which Mrs. Kelly was a devout member. Burial occurred in the Kelly family burial ground.

WILL KEEP HOUSE

Mr. and Mrs. Fred W. Bassett moved today from Dr. S. E. Spratt's residence to the Frazer home on West Main street, where they have taken apartments for housekeeping.

To the Citizens and Tax-Payers of Montgomery County, Kentucky:

The members of the Fiscal Court for said county present for your information, and most careful consideration, the above statement of the financial condition of said county on the close of business on June 30, 1919; it being the close of the fiscal year 1918; and a statement of the receipts and disbursements from June 30, 1918 to July 1, 1919; as shown by the books of the County Treasurer, etc.

Below find a summary of the claims allowed, and following same an itemized list of all claims allowed.

The county gets its return from the taxes mostly in November and December; and from that time on had some surplus in the various funds until July 1, 1919; all this surplus the court loaned to the United States Government and in return therefor the county received \$270.00 in interest.

ASSESSMENT

Made as of July 1, 1918—For Year 1919

For State purposes	\$13715020.00
For County purposes	\$11909970.00
Corporation Franchises—about	500000.00
Corporation Tangible—about	373000.00

Total subject to County Taxes

COUNTY SCHOOLS

Amount subject to County School Taxes—about

PAY OF COUNTY TAX COMMISSIONER

The County Tax Commissioner is allowed by law 5 per cent on first million and 2 per cent on the balance.

For making the above assessment Mr. Harry F. Howell received \$3043.00. In addition to the above he is allowed by law \$115.50 for listing 1155 dogs, or a total compensation of \$3158.50.

SHERIFF'S COMMISSION

Mr. John G. Roberts received for collecting the 1918 taxes as follows:

County and School Taxes	\$3369.15
State Taxes—about	2000.00
Total Commission	\$5369.15

COUNTY LEVY FOR 1919

The court levied a tax of 47 cents on each one hundred dollars' worth of property, divided as follows:

Bridges	2 cents
Turnpikes	23 cents
Fees and Salaries	6 cents
Sinking Fund, T. P.	1 cent
Paupers	2 cents
Miscellaneous	13 cents

Total

LEVY FOR COUNTY SCHOOL PURPOSES

The School Board of Montgomery County, Kentucky, certified to this court this estimate as the amount necessary for the Fiscal Year 1919, the following:

For School Houses	\$ 9000.00
For Teachers' Salaries	7000.00
For Supplies	1400.00
For Expenses C. S.	400.00
For County Board Members	150.00
For Indebtedness	6000.00

Total

and asked for a levy of 25 cents on the hundred dollars and \$1.00 poll tax. In conformity to law, we made a levy of 18 cents on the hundred dollars and \$1.00 poll tax.

COUNTY LEVY REDUCED

Notwithstanding the high cost of everything the county is required to buy, we have reduced our county levy six per cent. We had hoped to reduce it more substantially, but find, however, we were unable to do so, because of the purchase of warehouse hereinafter mentioned, the cost attending the equipment of the three Government trucks with dump beds, and other reasons, lack of space forbids an enumeration of.

The tax-payers of this county may rest assured, however, that we will again reduce the levy as soon as possible and to as low a rate, as good government and efficient administration of public affairs will permit.

GOVERNMENT TRUCKS

As already announced through local newspapers, the United States Government is distributing through the various State Road Departments hundreds of splendid army trucks, which can be fitted with dump bodies and made admirable trucks for the hauling of crushed stone in road building. Montgomery County has been especially fortunate in the matter of allotment of these trucks, having drawn two three-ton trucks and one two-ton truck, all of them of high grade makes. These trucks have not yet been delivered, but just as soon as they can be shipped to the state by the government, they will be sent for by the county, equipped with dump beds and put to work at once.

WAREHOUSE

To accommodate the three trucks above mentioned, as well as the mules and large amount of machinery now owned by the county, bridge lumber, feed, culverts and other supplies, it has been necessary to purchase since July 1st from Mr. I. F. Tabb, at the cost of \$7000.00 cash, a brick warehouse, with metal roof, on Locust street, opposite the Monarch Mill, together with a large lot in the rear of said warehouse. This is splendid property and was badly needed by the county. Should it be desirable at any time to dispose of it, real estate authorities are confident it can be sold at a profit.

CO-OPERATION OF PUBLIC

As every one knows, the cost of materials and labor has doubled, so that today a dollar does not go as far as fifty cents did a few years ago. There has also been an acute scarcity of labor, making it virtually impossible for us to complete many improvements we have had under contemplation. We feel sure the public generally appreciates the obstacles we have encountered, as the same troubles have doubtless confronted every citizen in his own private business affairs. The public can, however, and we believe ought, to help us whenever possible, such as furnish water free, allow us to get rock and gravel at a reasonable price, near the work then being done and generally extend a helping hand. While many communities may not be in condition to do so, the conduct of the citizens of the Prewitt neighborhood is illustrative of the spirit of co-operation that is needed everywhere. Today, those citizens are taking their entire appropriation in rock and hauling same, free of cost, to the county. This course on their part enables them to receive twice as much stone as they could otherwise, and as they are directly concerned in having a good road, they are richly paid by the saving made in the cost of transportation of their farm products and by the general pleasure a good road affords.

Many people are also indifferent about running over new work. A rapidly moving vehicle run over new work, which has not had an opportunity to dry out and bond together, always injures it and often destroys it. We feel sure this is largely a matter of thoughtlessness, as all right-thinking people want to conserve rather than destroy public property. The practice of traveling cautiously over new work, on the part of the general public, would save the county hundreds of dollars in damage now so negligently occasioned.

FOUR PER CENT TURNPIKE BONDS

During the past year \$1500.00 of turnpike bonds were paid, leaving now outstanding \$25500.00.

THE ROAD SITUATION

In the last few years, as all taxpayers know, the cost of road material and labor has doubled and the traffic—especially motor traffic—has increased many fold. Heavy trucks are also breaking in bridges almost as fast as they are repaired, thus increasing by several thousand dollars per annum the cost of their maintenance in anything like a safe condition for travel.

Montgomery County now has 130 miles of macadam roads and 175 miles of dirt roads. It is simply impossible to keep these roads up, considering the heavy use to which they are put, with the limited funds available for the purpose. We all want good roads, but so called permanently improved roads cost heavily. Fayette county is today paying \$28588.00

per mile for some concrete roads. It is our aim to treat all neighborhoods fairly and liberally. We mention the above matters in order that the people may think them over. The turnpike question is a big one and its solution will require the united study of all.

AUTO RACES SCHEDULED TO OFFER "RED BLOODED" SPORT AT COMING FAIR

American sports are usually of a vigorous, "red blooded" variety, and nothing appeals to the sons and daughters of "Uncle Sam" like a contest which calls for daring, skill and speed, and in no game will be found a more perfect embodiment of these assets than in automobile racing of a type to be featured at the State Fair which will be held in Louisville the week of September 8-13.

During the two final days of the State Fair, racing events will be staged on the fine oval of the race track in front of the grand stand and many of the best-known stars of American and foreign tracks will go after established records with a savagery which is certain to result in surprising changes in the sport-records. During the 1918 campaign many established records were wiped out by Sig Hugdahl, Fred Horey, Jules Ellingboe, Leon Duray, Ray Lampkin and others and it is expected that the contests this year will develop new points and bring the automobile features into spectacular promise as one of the most delightful, stirring and sensational offerings of the entire celebration.

Hugdahl, who was a sensation last year with his famous Flat Six, has practically rebuilt his car and it is said to be a genuine whirlwind now. As an example of its going quality it may be said that on last Labor Day at Lincoln, Neb., Hugdahl traveled a mile in 1.01.60 and two miles in 2.02.60, the old records being beaten several seconds in each instance. Horey has a new mount about which he is said to be secretive and in which he promises to confound his rivals.

Ellingboe remains faithful to his famous "Wild-cat" and will tool this wonder at the fair. Duray has jumped to the Case racing outfit in place of George Clark, and Lampkin, who has sold his "Sun-Ray," will blossom out with an American instead of a foreign product.

REDUCED RATES ON ALL RAILROADS

The State Fair management is pleased to announce that a special railroad excursion rate has been secured from the Southern Passenger Traffic Committee and that from all points in Kentucky, and from Cincinnati, O., and Jellico, Tenn., one and one-half fare will be charged for the round trip where the fare amounts to 25 cents or over. Tickets will be sold from September 6 to 12, inclusive, and for trains which are scheduled to arrive in Louisville before noon of September 13, with a final limit of September 15.

The colossal total of \$110,000.00 is listed by the various premiums quoted in the 1919 Kentucky State Fair catalogs which are now off the press and under process of distribution in Kentucky and throughout various sections of the country. Keen interest will undoubtedly be aroused among the farmers and stock breeders of the Commonwealth by the splendid awards offered and the result is certain to be one of the most brilliant and successful fairs ever held in this country.

BETTER SALARIES FOR TEACHERS

A resolution requesting the State Legislature to further legislation for better pay for teachers in Kentucky and to pass an act providing a minimum salary of \$100 a month, was adopted by members of the Jefferson County Teachers' Institute in a meeting in the Louisville Free Public Library last week. A slogan "Better Salaries for Better Service," was adopted. Teachers were urged to impress on the Legislature the necessity of increasing salaries in order to get the most efficient teachers—and thus it will be the State over.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

SCIENTIFIC SCORING FOR "BABY" AT FAIR

Mothers of all kinds and classes would rise up in wrath should any one assert that pigs or pups were of more importance than her own precious offspring, but until recent years that was exactly the attitude taken by the parent of the country.

Great care and scientific study was devoted to the upbringing, development and breeding of stock because it was commercially productive, but baby was allowed to imitate Topsy and "Jes grow." In consequence many a little body developed wrongly, ill and evils hidden from the unskilled eye waxed and grew apace and many a man or woman faced life heavily handicapped by their parents' lack of vision.

With the crusade inaugurated by Mrs. Frank De Garmo, in 1908 at the Mothers' Health Congress of the

—Photo by Cusick Studio, Louisville.

Louisiana State Fair began, however a most important movement to give to the human infant the same scientific study that had been for years accorded to the animals and over the country swept the splendid movement which inaugurated Babies' Health Contest and Congresses at State and County Fairs and Expositions. Kentucky adopted the innovation in 1913 and instituted the first Babies' Health Contest that year at the Kentucky State Fair. The idea met with the instant approval of rural and city mothers and the contest was one of the most vital and interesting features of the entire exhibition. It has grown in interest from season to season and will again be one of the big features of the Fair in September 8-13. For information as to entry blanks, classes and examinations write for catalog to State Fair Secretary Fount T. Kremer, Suite 604 Republic building, Louisville.

LETTER FROM DR. J. B. SPRATT

Butler, Ill., August 20th, 1919.
The Advocate,
Mt. Sterling, Ky.

Will you please send your paper to J. B. Spratt Jr., LaCrosse, Wis., 1606 Swan street.

I spent a week at New Market, Ind., and have been just a week here and have traveled (conveyed to present) in all directions for twenty miles around both places and I find but very few spots of corn higher than my head, some clear gone with not even a start of a shuck. At this place corn is green but the chinch bugs are devouring it, millions on every stalk, gardens all drying up, trees in naked places dying from the hot sun on the roots. Land around Butler is rolling much like the blue grass region of Kentucky and with considerable amount of fruit, apples, pears, peaches and blue plums and damson plums, barrels of them. I saw today in another direction apple orchards with many trees as full as I ever saw any year or place. Was in as nice a cemetery as I ever was in and costly monuments surrounded by lands so much resembling the blue grass pastures in Kentucky, but the land is subject to being too wet or too dry and too hot for any certainly for a corn crop. We see large stacks of straw and but little use made of it and generally rots when it was threshed. Lots of wheat and oats yet unthreshed, good wheat and oats, also clover, timothy and corn to be gathered before the ground is full soaked with rain which prohibits gathering the corn when they do strike a corn season yet all things considered they are doing as well or probably better than we in Kentucky, not owning good land. I will leave here the 28th or 29th by way of Chicago to LaCrosse, Wis. Later—August 21—Had a rain yesterday and another last night, stopped all automobile travel but not enough to make the corn. Corn raising here is like A raising a bumper crop over here, 5 miles, B raises no corn this year. Next year B raises a bumper crop and A raises none and too many years drouth and chinch bug gets all and yet all get a full crop which encourages the workers to stick to it. Fifty-five years ago seven children of my deceased sister with their father O. C. Guerrant, came to this place and settled, 4 girls and 3 boys, two died and left no heirs one living and no heirs and one died leaving heirs. All told they have had fifteen deaths and twenty-eight living not counting daughter and son-in-laws.

I have given me the kindest attention and those named into the family have endeared themselves with me by their kindness and hospitality making them as dear as the dearest. With many regrets to part with them next Friday for Wisconsin where I will be lost to everybody but my boy and his belongings.

Most respectfully, yours
J. B. Spratt.

NO MORE RATS

or mice, after you use RAT-SNAP. It's sure rodent killer. Try a Pkg. and prove it. Rats killed with RAT-SNAP leave no smell. Cats or dogs won't touch it. Guaranteed.
25c. size (1 cake) enough for Pantry, Kitchen or Cellar.
50c. size (2 cakes) for Chicken House, coops, or small buildings.
\$1.00 size (5 cakes) enough for all farm and out-buildings, storage buildings, or factory buildings.

1920 Model K-47

Buick Touring Sedan

THE BUICK Model K-Six-47 body is of new design, low in appearance but with ample head room. Top, window casings and sashes are fully covered with metal, giving perfect uniformity in finish and durability. All doors are properly hinged and fitted with double latches. The front seat extends across the body and there is a new-design, tilting steering wheel. The low seats give riding comfort.

The interior is finished in handsome fabric, without bindings, with deep upholstery. Cold weather snugness or summer driving comfort are equally available by adjusting the three-piece windshield and windows.

The tonneau carpet matches the upholstery. The standard Buick instrument board furnishes every driving convenience and a dome light in the ceiling illuminates the interior. The cowl carries two handsome side lamps.

PROFITEERS IN SUGAR MAY LOSE LICENSES

Food Administration officials notified Attorney General Palmer that they were prepared to revoke the license of any licensed dealer in sugar after a hearing by the Department of Justice had proved violations of the regulations provided in the food control act.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness, and distressing urinary ills? Mt. Sterling people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Nanie Trimble, 10 Jamison street, Mt. Sterling, says: "I was hardly able to stand on my feet to do my house-work I suffered from an almost constant pain in my left side and a dull, heavy bearing down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. My hands and limbs swelled and I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefited me and I soon felt like a different person." (Statement given February 24, 1908.) On January 6, 1917, Nanie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and when I have had any sign of kidney trouble they have never failed to give me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Nanie Trimble had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Delicious Cantaloupes, sweet as sugar, at Vanarsdell's.

NICE PROFIT

W. T. Swango, brother of our fellow citizen, J. B. Swango, has sold his Jessamine county farm of 160 acres, which he purchased two years ago, paying \$200 per acre, for \$300 per acre, a profit of \$16,000 in addition to two years' crops.

The Blue Grass Fair, Lexington, Ky., opens September 1st, which is Labor Day. The management of the Fair has arranged a specially attractive program for that day and will co-operate with the various labor organizations in an effort to furnish such a program as has never been witnessed in Central Kentucky. Special railroad rates have been secured.

Fine Georgia Watermelons or ice at Vanarsdell's.

LOVE'S LABORS

The Woman's History Club of this city has engaged to educate two worthy local girls. Such acts as these speak in praise of worthy organizations. Fraternal orders do much for the uplift of the unfortunate and these smaller organizations become prominent in admiration when such deeds as the one mentioned becomes known. For these deeds of love there are promised rewards.

Supt. Public Instruction—L. E. Foster, Hopkinsville.
Representative—T. L. Caudel, Frenchburg.

GOOD ROADS

The news has gone out, and seems authentic, that every county along the Midland Trail except Montgomery and Bath have, by vote of the people, agreed to a 20 cent good road levy and have applied for their quota of the appropriation made by Congress of \$275,000,000. If we would share with other counties in this national appropriation the needed steps should be taken now so that our application for Government aid could be made. In considering this matter we would say we are now paying our part of the national appropriation. Fayette county has voted her levy, likewise Clark, and all other counties along the Midland Trail between Lexington and the Big Sandy have taken this preliminary step. Such a road as the one to be constructed is, in importance as valuable to our people as our railroads, and the matter of preparedness to receive the proffered benefits, should not be longer delayed. Montgomery county has never been a slacker—she will not now, and we are certain our citizens are not willing for our sister counties to surpass us in this important matter. Let's wake up and take advantage of this opportunity before it is too late.

In this issue appears the financial statement of Montgomery county as of July 1, 1919, and a complete statement of the county's affairs for the fiscal year 1918. The Fiscal court requests that all citizens read same carefully, especially the paragraphs headed "Co-operation of Public" and "The Road Situation." All truck and auto owners are particularly requested to read these two headings. The statement shows the county to be in a splendid financial condition and its affairs are being run by capable business men who are deserving of the hearty co-operation of the public in their endeavors to give Montgomery county as good a government as can be found in the State.

WESTERN PETROLEUM CO.

We have a letter from this company which reads: "We have leased a piece of property from the C. & O. railway, which lays next to the engine track and are now awaiting permit from the city council to construct our building and erect our tanks. Application comes up before your city council at the next meeting which is the first Tuesday in September." We welcome the new company and feel sure the increasing demand in its lines will make satisfactory profits.

NEW DRESS

The Circuit Clerk's office is being treated with a new dress. The walls and ceiling are being painted, wood work and furniture re-varnished and the floor is to have a linoleum covering. Other offices could be greatly improved with paint, varnish and floor covering. The Circuit Court room for instance.

That advertising may count for most it must be fresh—That is where there is a change in stock or prices the people MUST KNOW. Advertisers will keep their stocks moving if they will observe the above suggestion.

Mr. H. B. Stafford, of Ashland, is Judge H. Clay McKee has rented here at his son-in-law's, W. C. his garage building on Bank street Cooper's and if Mr. Stafford can to Hancock and Turley who will consummate a suitable real estate deal duct an up-to-date garage and auto would locate here.

KEEP GOAT IN BACK GARDEN

All Kinds of Reasons Why the Newt-weds Should Give Some Consideration to the Animal.

The cartoonist, with whom the Newt-weds are a favorite if somewhat hackneyed subject, may sharpen a fresh pencil; the day is coming, if not already here, when the joys and sorrows of young wedlock may be pictured from a new angle. We are familiar with the Newt-weds' bungalow, with their baby, with their Tin Lizzie, fruitful of mishaps; soon with these stock possessions may be listed another—to wit, a goat.

One may keep a goat in the ordinary city or suburban back yard, Eleanor Anstruther writes in Sunset. No extensive pasturage is required as in the case of the cow. If a vacant lot or brushy hillside be available, a goat will thrive on what it can glean there, though a cow, horse, or even a sheep might starve. But our suburbanite Newt-weds presumably must keep their goat within the confines of their own back garden. Very well; every one may still be happy, including the goat. For the goat will contentedly resolve into milk and mutton any kind of vegetable or green stuff that grows in the garden. Weeds enchant her; she will eagerly devour, and with great profit to herself and owner, the results of a strenuous morning's weeding on the part of Mr. Newt-wed. By-products of the kitchen, such as the parings of fruit and vegetables, are welcome, though it must always be remembered that contrary to general belief the goat is a clean feeder; the garbage must go to the chickens, not to the goat.

Briefly, a single goat may almost be kept on the waste from a garden, and the feed of a cow will maintain seven or eight goats.

HERE'S DEFINITION OF "PEP"

Altogether it's a Quality of Which Its Fortunate Possessor is to Be Envious.

It's the thing which makes the lamb gambol with glee, the colts prance with joy, the calves throw up their tails and run like fury, the birds sing in split-throat notes, the frogs croak upon the creek bank, the insects buzz and hum in the air, the milkman whistle as he jogs along, the blacksmith laughingly beat the iron into shape, the plowman urge his horses with a "gee-up, there," the engineer wave a kiss to his sweetheart as he throws open the throttle, the woodman smilingly plunge his axe into the giant tree, the banker and merchant rush to their work with a cheery "bye-bye," the mechanic and laborer fairly dance to their jobs, the soldier "go over the top," with clinched jaws and courage that knows no fear, the live salesman hie to his calls with shoulders squared, pride in his heart, and nerves a-tingle with anticipation of new success.

Oh, "pep" is anything that puts happiness in the heart, energy in the body, determination in the soul, and invincible courage in the will.—Exchange.

Exploration of Nineveh.

The great rediscoverer of Nineveh was, of course, Sir Henry Layard, who, in the early forties of last century, having obtained the patronage of Stratford Canning, British ambassador at Constantinople, himself an enthusiastic archeologist, journeyed to Mosul and commenced work of excavation on the mounds of Nineveh in real earnest. The story of the wonder series of discoveries which followed has been told vividly in his book, "Nineveh and Its Remains," published in 1848. This work created a great sensation, and the following year Layard set out east once again, this time as the agent of the British museum, with a grant of \$15,000 to carry still further his great work at Mosul. For more than a year his labors went on steadily. The palaces of Sennacherib and Ashurbanipal at Kuyunjik were partly uncovered, as well as those of Sennacherib and Esarhaddon at Nebi-Yunus, and in 1853 Layard published an account of his second series of excavations in the book, "Nineveh and Babylon."

Famous Old Town of Mosul. The town of Mosul reached its greatest prosperity toward the beginning of the decline of the caliphate, when it was for a time an independent capital. In the eleventh century it belonged to the Seljuks and in the twelfth, under the sway of the famous Atabegs, particularly of Zenki, it had a short period of splendor. One of its curious distinctions in history is the fact that the governorship of the town, as the pashalik, was long hereditary in the originally Christian family of Abd-al-Jalil, and it was only during the nineteenth century that the porte succeeded, after a long and severe contest, in establishing a more centralized system of government.

Numerous Rubber Plants.

There are nearly two hundred different kinds of plants which carry rubber, and they are still under investigation by botanists. While the plants are found for the most part in the arid portions of the Great Basin country of eastern California and Nevada, rubber-producing shrub has been located as far north as Washington and Idaho and as far east as Colorado and south to our southern boundary.

Whether or not these plants will be brought under cultivation is a question which can only be answered after many years of study and experimentation.

STATE FAIR VISITORS

When in Louisville—come in to the convenient, new Fourth Street location of this 48 year old Jewelry House and let us show you our unusual display of diamonds, silverware, watches, etc. We are noted for our moderate prices.

Lovers of racing cannot afford to miss the Lexington Trots, September 29 to October 11.

WILSON REJECTS RAIL EMPLOYEES DEMANDS

President Wilson told representatives of railroad shop crafts, 100 of whom he received yesterday at the White House, that the demands they had made for wage increases of from 15 to 27 cents an hour could not be met without perpetuating the high living cost by a further tax on all the people, and that, therefore, he had decided that the requests must be refused. The President said that he acquiesced in a suggestion made by Director General of Railroads Hines that the shopmen should be placed on the same basis as other railroad employees by receiving for eight hours' work the same pay which they received for the longer workday of ten hours that was the usual standard of the pre-war period. This would mean an additional 4 cents an hour, to be made retroactive as of May 1. To that extent, the President said, he was willing to meet the request for higher wages. He emphasized, however, that the Administration had adopted, as a national policy, applicable to all labor organizations, that large wage increases which would keep up living costs and must ultimately result in disaster to the nation, could not be granted at this time. The President added that he felt the question of adjusting wages to a scale which probably would remain a permanent one could not be fairly approached until it was determined to what extent living costs would be reduced.

He expressed belief that living costs already were on the downward grade, and that, if there was co-operation on the part of railway workers to prevent tieup of transportation, radical lower levels soon would be reached.

Members of the railway shop crafts, about 500,000 in number, have just completed a strike vote in which 98 per cent of the membership cast ballots in favor of a strike beginning September 2, in the event that demands they made for increased wages were not granted and the policy of providing by congressional action a board of review to consider their claims was adhered to. President Wilson, however, held that an entirely new situation had been created to which the recent strike vote was not applicable, inasmuch as the idea of establishing a Board of Review, which had formed the basis of the strike vote, had been abandoned, and an entirely new proposition, that of awaiting decision on further large wage increases until more normal conditions prevailed in the economic world, had been placed before the men. In view of this situation he expressed the hope that the leaders of the employees in the shop crafts would accept his judgment as to what was right and fair, at least to the extent of placing the matter before the men prior to authorizing a strike.

BUY CAR

Mr. and Mrs. Charles A. Lindsay have purchased of the local agent, W. R. McKee, a handsome Hudson Speedster.

DEATH RATE IN KENTUCKY IN 1919 HIGHEST KNOWN

The State Board of Health has just issued a report of vital statistics for Kentucky for the year ending December 31, 1918. Despite the unusual conditions resulting from the war every phase of the work has been carried out completely, and the report contains some interesting and instructive data. With a total of 39,449 deaths reported in the State for the year, Kentucky has a death rate of 16.4 per 1,000 population, which is 2.6 per 1,000 higher than for any previous registration year. The total deaths from influenza and pneumonia for the year were 12,677. Of this number 8,699 were from influenza and 3,978 from pneumonia. The combined death rate for these two diseases was 5.3 per 1,000 population. As an index to what can be accomplished by consistent and concerted action on the part of health agencies, the report shows that the death rate for tuberculosis during 1918 is 193.5, while that for 1911, the first year of registration, was 225.6. Also, the typhoid rate shows a continued and gradual decline since 1911. The Bulletin states it is probable that we will have opportunity to observe further serious results of the influenza epidemic, as the weakened vitality and lowered resistance which is an aftermath renders one particularly susceptible to tuberculosis and other respiratory diseases.

MENEFEE MAN MARRIED

Elder Alex Dougherty, of Means, Menefee county, where he is engaged in merchandising, quietly and almost unobserved, went to Demossville, Pendleton county recently where he met the widow, Mrs. Emma Simpson, from which place they motored to Covington and on the sixteenth day of the month were quietly married. Elder Dougherty is past 70 years old and the bride is a few years younger. The happy couple passed through this city today enroute to their home at Means. We are pleased to congratulate Mr. and Mrs. Dougherty, and wish them all the happiness due to mortals.

J. C. Bailey is arranging to construct a two story bungalow on his lot recently purchased from the Sam Fizer estate on West Locust street.

Deputy Sheriff James A. Scobee has purchased of the local agent, W. R. McKee, a five passenger Essex touring car.

Bandits held up an L. & N. train between Columbia and Pulaski, Tenn., and the report is they secured \$60,000. A woman was connected with the robbery. A posse is in pursuit of the bandits.

WAR CLOUDS GATHER

American citizens have been kidnapped, destruction of property has been tolerated and other outrages having been committed against U. S. citizens in Mexico, toleration has ceased to be a virtue and the U. S. War Department, it is reported has ordered cavalry to pursue and if possible capture Mexican outlaws and the bandits who captured American aviators, Lieut. Davis and Peterson and held them for a \$15,000 ransom.

Mr. Vaughn, Farmer, Tells How He Lost All His Prize Seed Corn.

"Sometime ago sent away for some pedigree seed corn. Put it in a gunny sack and hung it on a rope suspended from roof. Rats got it all—how beats me, but they did because I got 5 dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25c, 50c, \$1.00.

Sold and guaranteed by Chenault & Orear.

INTERESTING READING

Leaders in the advertising business, as well as in other lines, are concentrating their attention, just at this time, upon the problems which grow out of the fact that the worker gains nothing through higher wages if the prices of the things which he must buy are increased in proportion to the rise in his wages.

What shall be done? That is the question on the lips of everybody.

That there is an effective "answer" is a belief which is entertained by labor leaders and leading employers, who say that two things must happen:

1 Production must be increased, thereby reducing the cost on each unit produced.

2 The cost of selling, and the various other costs in connection with getting the goods from the producer to the consumer, must be brought down.

These problems are of especial interest to advertising men just now, for study of the situation has proved to them that advertising can be employed in helping to bring relief from both of these directions, and they are so completely convinced of this that they are planning to base the forthcoming annual convention of advertising, at New Orleans, Sept. 21 to 25, upon study of the application of advertising to the two points named.

That advertising can help is not a new thought, at all, for advertising is already helping to accomplish both of the desired results, but it will be the purpose of the world convention of advertising, held under the auspices of the Associated Advertising Clubs of the World, to apply advertising in a still broader way to the problems at hand.

Many factories have used advertising to help speed up production, especially by way of using it to pave the way for a better understanding between employer and employee.

On the other hand, it has been demonstrated many times that advertising can be made to decrease the cost of selling the goods after they are manufactured. Careful studies have proved this. Various ordinary expenses of selling are reduced through the aid of advertising when properly used.

At the New Orleans meeting in September, therefore, at which business leaders from all lines of commercial activity will gather, addresses will be delivered by those high in the councils of labor and capital, and a committee representing various lines of industry will meet and will formulate a number of basic points upon which it appears that capital and labor can agree, and will then study the methods employed by others who have used advertising to help solve such problems, with the purpose of making recommendations for the further use of paid advertising space as a specific method for providing that meeting of minds necessary to a more perfect understanding between employee and employer.

Closer harmony between worker and employer, based upon more complete knowledge of their interdependence, is an essential to increased production, it has been proved through research.

FROM COLUMBIA

Prof. Henry L. Jones has returned from New York where he spent the summer taking a special course at Columbia University. He was joined here by his wife who has been visiting her parents at Holly Springs, Miss. After a few weeks visit to Prof. Jones' parents, Mr. and Mrs. J. W. Jones, they will go to Pineville, where Prof. Jones is principal of the city schools.

"Why I Put Up With Rats for Years," Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbors told me about RAT-SNAP. That's the sure rat killer and a safe one." Three sizes, 25c, 50c, \$1.00.

Sold and guaranteed by Chenault & Orear.

**Velvet Always Hits a 3 Bagger:
Sight! Smell!! Taste!!!**

THEN it's easy to get to the home-plate, right where you snuggle down in an old coat and slippers to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogs-heads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No dolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

A friendly pipeful makes even the umpire seem almost human.

Velvet Joe

**Prizes Totaling \$10,000 Will Lure
World Champion Horses To Fair**

"Cascade," Winner of World's Championship in 1918.

For the third time in State Fair history a \$10,000 premium has been announced in connection with the five galloped Saddle Horse Stake which is outstanding feature of the horse department of the Kentucky State Fair.

For seven successive fairs the premiums in this ring had ranged from \$500 to \$3,000 with only one night's exhibition of the high steppers. In 1917, Commissioner of Agriculture Mat S. Cohen made a whirlwind campaign for funds and by his own personal, brilliant, daring work, secured in donations the splendid sum of \$8,835.00, leaping the total premiums for this event to \$10,000.

The announcement electrified the show horse world and did just what the commissioner calculated and desired, imbued the breeders and exhibitors of fine horses with new and keen

interest in the ring. It also put the Kentucky State Fair on a horse show basis rivaling Madison Square with an entire week of horse events instead of the one exhibition, the saddle horse contests being divided into classes for the stallions on Monday night, the mares on Tuesday night and the geldings on Wednesday with the winners of the first three prizes in each of these classes pitted against each other in a grand struggle for the championship honors of the world on Saturday night.

The venture in 1917 met with unprecedented success and every night of the week the great State Fair livestock pavilion seating ten thousand spectators was nightly packed to overflowing with enthusiastic spectators who applauded to the echo the magnificent specimens of horse flesh and equally splendid exhibitions of horsemanship which the ring provided. This triumph was repeated in 1918 and as nothing succeeds like success, bids fair to outrun all records in 1919.

BEAUTIFUL HORSES

Numerous Highly Trained Equines
Are With John Robinson's
Big Circus

Menage horses, or high school horses—as they are commonly called—have come to occupy a prominent position on the circus program of today. The John Robinson Circus which will exhibit in Mt. Sterling, Thursday August 28th have the famous Victor and Mme. Bedini troupe of educated horses, and no finer or more complete aggregation of menage horses are available in the circus world. Every horse of the troupe is a star in all that the term implies, minus the profuse adjectives that are so often and recklessly employed in describing the virtues of an attraction in the show world.

Not only do these intelligent equines do everything any similar horses do, but they go out of the beaten path and perform some feats that are but a mite removed from the miraculous. The star of the contingent is that equine wonder "Jack Morgan," a handsome animal of commanding appearance who really does do "everything but talk."

Mme. Bedini, under whose direction the troupe performs, is generally recognized as the leading horsewoman in the world. She knows horses as indeed few equine authorities know them, and coupled with this great knowledge of her subject, is a delicate but well directed touch and encouragement that seems to aid the animal instinct in arriving at a more certain interpretation of requirements at hand. The John Robinson circus management is well justified in claiming the greatest troupe of menage horses ever presented to the public.

In addition to these horses the circus in presenting DeMare's Monkeys, three herds of performing elephants, Captain Kent's wonder working seals and sea lions and some groups of well trained ponies for the edification and joy of the little ones.

Among the performers with John Robinson, in addition to some fifty funny clowns are the famous Nelson family of acrobats, known from coast to coast and from Canada to the Gulf, Tetu Robinson, adopted Japanese daughter of John Robinson, the Second, Fred Ledgett, Cecil Lowanda, Clara Masters, the Hodgini's Marie Bedini, Ruby Orton and John Smith riders.

RATS DIE

so do mice, once they eat RAT-SNAP. And they leave no odor behind. Don't take our word for it—try a package. Cats and dogs won't touch it. Rats pass up all food to get RAT-SNAP. Three sizes.

WELL? WHAT IF IT IS PARAMOUNT-ARTCRAFT WEEK SEPTEMBER 1919

	MON	TUE	WED	THU	FRI	SAT
	1	2	3	4	5	6

"WELL? What if it is the equator?" Would you say that if you were crossing the earth's dividing line? Of course you wouldn't! Too important for that!

The six day period that starts on September 1st is just as important. It marks a dividing line between an old and a new world for you Motion Picture lovers of the earth. It separates the new era from the old, it presages the better days that are coming for those who love the motion picture for the thing of beauty and entertainment that it is.

It is a forecast, a standard and a promise of what is to come in the 365 days that follow.

It is called "Paramount-Artcraft Week" because during this week the bigger and better pictures, the Paramount-Artcraft Pictures that have made this new era in Picturedom a recognized fact, will hold dominion at this theatre.

Stoops

The late showers have greatly benefitted crops.

A large amount of tobacco will be housed this week.

George Alexander, of Flat Creek, has accepted a position with a large coal mining company at Logan, W. Va., and has assumed duties. George recently graduated from the W. R. Smith Business College, Lexington.

An unusually large number of work hands have been through here recently. As they came too early for tobacco housing they went on their way and a labor shortage is feared in a few weeks.

Hugh McClure and wife, of Crawfordsville, Ind., together with Mr. and Mrs. Sam R. McClure, Mr. and Mrs. John McClure and Mr. and Mrs. Thos. Graham, of Nicholas county, were visitors here last week.

J. B. Carter, of Broeton, Ill., has been visiting relatives in Bath and Montgomery counties.

At last we have a Congress that's going to do something, been in session a little over 3 months and repealed the Day Light Saving Law twice. What a relief to suffering humanity.

M. W. Bridges and family have returned from a weeks stay at Olympian Springs.

Friends here deeply regret to learn that Mrs. Frank Orme, of Flat Creek, is at death's door at a Lexington hospital. Mrs. Orme was before her marriage Miss Sarah Talbott.

Jas. O. Spratt and wife have returned from a visit to Mr. Spratt's mother, Mrs. Sarah Day, at Lexington.

The next outbreak we look for is a strike among the soap-box statesmen. We don't know what direction though, they'll strike.

Jas. Alexander, wife, little son Rollie, and daughter Christine, of Flat Creek, were visitors here Sunday.

Bro. Wm. Triplett, of Howards Mill, preached to immense crowds here Saturday night and Sunday.

W. A. Wells, of Judy, Omer Wells and sister of near here, visited relatives at Middletown, Ohio last week.

Rev. J. Tyler Davis, of Owingsville, will begin a weeks meeting at Springfield church next Sunday, Aug. 31st, at 11 o'clock. Sunday School will be held at 10 o'clock instead of the afternoon. Mr. Davis will preach each evening at 8:30 o'clock. Everybody invited to attend these services.

Howards Mill

The writer has been on the sick list for two weeks.

John Wiggington sold to Albert Turley 5 steers at 8 1-4 cents per pound and 4 at 7 1-2 cents. J. W. Johnson sold to same party 4 at 9 cents and 3 at 7 1-4 cents per pound.

Mrs. Lucinda Thompson is poorly with flux.

Wm. Chandler and wife, of Mt. Sterling visited Lee Wiggington and wife Saturday and Sunday.

C. C. Combs shipped a load of cattle to Cincinnati last week.

Haddock Patrick who has been working here at pump station moved to Mt. Sterling last week.

L. W. Mallory's store here was robbed Tuesday morning between 6 and 9 o'clock, \$42.00 in money and some cakes taken.

Mrs. C. C. Combs is visiting friends at Campton this week.

M. P. Skidmore and family returned Sunday from a visit at Stanton.

The meeting at the Baptist church which Rev. J. C. Pitt, of Russellville was conducting closed last Monday night with two additions. Same preacher is conducting a meeting at the Levee, we urge all who can to attend his meetings and we believe they will be benefitted by so doing.

There will be preaching here at the Baptist church Saturday night and Sunday, August 30th and 31st.

J. F. Caudle and S. M. Staton arrived here Saturday from Clintonville, Wis. They will leave here Wednesday for Ranceville, W. Va. Mr. Caudle's family will go later.

TRIMBLE WILL PROBATED

The will of the late J. Green Trimble was probated in County Court Monday morning. R. M. Trimble qualified as executor giving bond in the sum of \$75,000. It is understood that suit to have the will set aside will be instituted in the Circuit Court by one or more of the heirs. C. B. Patterson, W. L. Killpatrick and R. G. Kern were appointed by the court to appraise the estate.

"Rat-Snap Beats the Best Trap Ever Made," Mrs. Emily Shaw Says.

"My husband bought \$2 trap. I bought a 50c box of RAT-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I'm never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes, 25c, 50c, \$1.00.

Sold and guaranteed by Chenault & Orear.

One of the biggest features of the Blue Grass Fair, Lexington, September 1 to 6, will be the special Government exhibit of various firearms and other equipments of the American boys used in France, as well as many articles taken from the enemy. This exhibit will be under special army officers and will be open to the public free during each day and evening of the Fair. In addition a Government Aeroplane piloted by experts who served both in this country and in France will be seen in daily flights.

Many Like Him.

All newspapers often have advertisements which could be rewritten advantageously. But it took a church paper to offer the most original one yet: "Wanted—A minister who has been married 22 years is very desirous of securing a change."

SAVINGS PLAN PERMANENT

Secretary Of The Treasury Glass Makes Important Financial Statement

By reason of the far reaching and beneficial results of the Thrift and War Savings movement which has been furthered by the United States Treasury Department, it is now the purpose of the Treasury to continue and make permanent the savings campaign and the sale of War Savings Stamps, according to a statement just made by Carter Glass, Secretary of the Treasury.

George D. Strayer, of Columbia University, President of the National Education Association, sent the following telegram to Mr. Glass:

"Considering the accomplishment of the schools of the country thus far in the matter of the thrift and savings campaign, we urge that the Treasury Department take such action as shall insure permanence of this movement and make the purchase of Thrift and War Savings Stamps permanently available to schools and other volunteer agencies."

To this Mr. Glass sent the following reply:

"It is the intention of the United States Treasury to continue and make permanent the War Savings movement and to continue the sale of Thrift and War Savings Stamps and Certificates. I am greatly pleased and encouraged to know of the interest of the National Education Association in this movement and I very greatly appreciate its hearty and effective cooperation." Thousands of War Savings

the schools and elsewhere throughout the country, and War Savings Stamp agencies have been or are being established practically in every community.

Says the Office Humorist.
The cleverest gardener in the world cannot grow an oak tree out of a rose bush. But the stupidest pipe smoker can make the "ash" grow inside the "briar."

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit. If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result. Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's the original and genuine. B 72

company. There are said to be 15,000 gallons of water hurled into mid-air by this fountain at every performance, the thunderous waves falling over statuesque groupings of Venus-like living models while aurora-like flames color the falls and graceful nymphs dance in the spray.

Another attraction of aqueous type is the sensational performance of the world's champion lady fancy and trick diver, Lucille Anderson, and her company of mermaids. Miss Anderson is known as the "Amphibean Wonder" and her under-water feats and endurance tests are said to be unbelievable.

An exceptional feature is heralded in a show called "Chinatown." Unlike the average flimsy pretense at Orientalism, this offering is said to faithfully duplicate the dark, mysterious underground world which was once San Francisco's Chinatown before the great earthquake wiped this cesspool of sin from the earth.

Good, rousing excitement will be offered in the Polack Brothers Big Indoor Circus, with its rough-riding, animal acts and gun-play, as well as in the Hager motorcycle and automobile racing features which will be

An appetizing feast of the most attractive popular vocal and instrumental successes. There's something for every taste; from Hawaiian seductiveness to rollicking ragtime.

STANDARD OIL HAS

COMPETITION

It is understood that the Western Petroleum Co., a Chicago oil and gas concern has leased the vacant lot on the C. & O. R. R. directly behind the yards of the Indian Creek Coal & Feed Co., and will shortly begin the erection of a pumping house and large tanks for coal oil and gasoline and will make strong bids for the wholesale trade of this and surrounding counties. For many years this section has been supplied by the Standard Oil Co.

Millions Suffer From Acid-Stomach

The Greatest Remedy On Earth
Acid Iron Mineral

Millions of people suffer year year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression, even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living, no aches or pains, no blues or melancholy, no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch; your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

Manufactured by the Ferroline Chemical Company, Roanoke, Virginia. R. J. Cassidy, Manager for the State of Kentucky and the State of Indiana.

TO OPEN SERVICE STATION

Grey Russell and Marion Miller have formed a partnership and will open up a service station in the Laughlin building adjoining the Ragan-Ray Motor Co's place. An up-to-date vulcanizing plant will be installed, gasoline, oil and new tires will be handled. Both Mr. Russell and Mr. Miller are expert mechanics and their new venture will doubtless prove a great success.

A NEW KENTUCKY FIND

W. G. Allen, of Estill county while in the city gave out this piece of news, that John Cox a resident of his county and who represents New York capitalists has purchased of him 63 acres of land in Estill county and of another party 400 acres, paying a very liberal price. These lands contain a large quantity of slate that contain a very high grade of oil, one gallon extracted from the slate being worth 26 times as much as the crude pool oil. Mr. Allen states he saw an expert take eight ounces of slate, a product of these lands, pulverize it, subject it to heat and from it extract one and three-sixths ounces of this fine oil.

Mr. Allen says plants will be put in and it is expected this will become one of the best paying industries of the State.

LETTER FROM S. S. CASSIDY

Dear Joe:

I wish I were with you, working side by side in the newspaper harness again. I think by a combined effort, we could make 'em sit up and take notice as in days of yore. Many changes have taken place, Joe, since we were in the business of saving the country from Republican misrule; yet if need be we could again throw our war-like shield and says "Lay on McDuff," etc. Many of our old associates in and about Mt. Sterling have "cashed their chips" and many have joined the "sun-set gang" and are looking back at shadows falling far to the Eastward. Their sun will soon have kissed the occident and "sank down to rest 'neath the amethyst sea;" while you and I, old as we are (in iniquity) are equal to all present emergencies and able to hold high the torch of Democracy, while ignorance, anarchy, and political treachery stalk hand in hand in a concerted effort to discredit the Administration of Woodrow Wilson and belittle the glorious victory won by our boys on the bloody fields of France and Flanders. Yet there are men (if indeed they are worthy to be called men) who would rather see this great government of ours sink to the very county-seat of damnation, than to admit that President Wilson has ever, since his first election, performed one commendable act. Such people are not worthy the protection they have under the government and ought to take the first ship to the "Fodderland" and live on fodder the rest of their days, along with the deported Huns. There are some "high-ups" who are blocking the ratification of the Peace Treaty and keeping the country in an unsettled condition, whose statues will, some day be placed in the Hall of Infamy with all the Benedict Arnolds of the past, each bearing the mark of Cain, while the blood of our boys who fell in France, will cry out from the ground, like the blood of righteous Abel, for vengeance upon the heads of all the political pettifoggers and pitiless profiteers that affected the entire country. D—the Kaiser and his sympathizers. Hurrah for Woodrow Wilson and Jim Black.

Yours truly, S. S. Cassidy.

KILLS RATS

and mice—that's RAT-SNAP, the old reliable rodent destroyer. Comes in cakes—no mixing with other food. Your money back if it fails.

25c. size (1 cake) enough for Pantry, Kitchen or Cellar.

Firm Home-grown Tomatoes at Vanarsdell's.

NATURE'S MIRROR

comes to every woman who has bounding health—but when she is pallid, dull eyed, languid, she has no magnetism nor does she appeal to any man.

Such a change in feelings and looks!

After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Dr. Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable, contains no alcohol.

Druggists sell it in tablets or liquid. Send Dr. Pierce, Buffalo, N.Y., 10c for trial package.

PARAMOUNT WEEK

Always striving to give the patrons the very best in motion pictures, The Tabb Theatre has at considerable expense made arrangements to have a Paramount-Artcraft Week the first week in September. During that week these wonderful pictures will be shown in every first class motion picture house from coast to coast and we are very proud of the fact that The Tabb has a manager progressive enough to get these features for this city. You may not understand just what Paramount-Artcraft Week means from the written explanation but you surely will when you see the story that the screen tells that week.

VETERAN MARRIED

Cato Fiser, colored barber of this city, and lately returned from service over seas was married Thursday to Mattalean Tyler. Young Fisher is a son of Lee Fisher, well known colored citizen of this city.

Fine Georgia Peaches at Vanarsdell's.

SHOOTS HORSE

While driving along the Owingsville pike Tuesday afternoon, Russell French, of this city, accidentally discharged a shotgun which he was examining at the time, the charge taking effect on a horse owned by Miss Latie Quisenberry, which was grazing in a field near the road. Young French agreed to pay all damages and no steps were taken by authorities. The animal was only slightly injured.

Delicious Cantaloupes, sweet as sugar, at Vanarsdell's.

Why People Buy Rat-Snap in Preference to Rat Poison.

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3) Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. (5) Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00.

Advertising a Sale!

YOU don't leave your rig in the middle of the road and go to a fence-post to read a sale bill do you? Then don't expect the other fellow to do it.

Put an ad in this paper, then, regardless of the weather, the fellow you want to reach reads your announcements while seated at his fireside.

If he is a prospective buyer you'll have him at your sale. One extra buyer often pays the entire expense of the ad, and it's a poor ad that won't pull that buyer.

An ad in this paper reaches the people you are after.

Bills may be a necessity, but the ad is the thing that does the business.

Don't think of having a special sale without using advertising space in this paper.

One Extra Buyer at a sale often pays the entire expense of the ad.

Get That Buyer

Spend Your Money

with your home merchants. They help pay the taxes, keep up the schools, build roads, and make this a community worth while. You will find the advertising of the best ones in this paper.
